Each student/competitor will be grouped into a sparring division based on rank and age for a single elimination sparring competition. All of our Black Belt referees are required to attend a safety training to ensure standardized judging and the utmost safety. Trainings will occur on January 18th at 3pm and 25th at 1pm at Lyndell Institute. The evening event will include exciting finals matches and demonstrations from schools across the association. All competitors from each school are invited to participate in a demonstration with their association school.

During the competition, matches will be decided based upon most points scored. Points are earned by having strong, completed technique that goes through the opponent's guard, with limited and controlled contact, to the valid target area. The valid target area is defined as the front of the body, above the belt, and below the neck. Techniques that strike the arms, legs, or back will not be counted. Excessive or illegal contact may result in loss of points and/or disqualification. Contact to the head will be treated extremely seriously and may result in immediate action from the judges. Matches will be judged by senior instructors that hold a 4th degree black belt in our association, and may be assisted by 3rd degree black belts.

Cost for this tournament is \$65 and will include a T-Shirt if registration is received by January 21st. Please register ASAP so T-Shirt orders can be made. Registration can be done on-line at www.chungdo.org or with the QR Code.

Thank you very much,
